My passion is technology, business models, entrepreneurship and challenges in general. I'm currently looking for a full time job in Sydney or freelance work. My main strenght is full stack web development using python and javascript, but I have experience with many different languages and I'm always willing to adapt.

WORK EXPERIENCE

BEE INFLUENCER

CTO

May 2017 - April 2018

Automated influencer marketing platform for Latin America. I was in charge of everything related to technology (which was a lot!). I designed the front end, code the backend, served as a sys admin and in general, I put to action the ideas we had and feedback we received.

FREELANCE

Freelance

October 2016 - Present

Worked with Chilean clients and a start-up in Berlin. My main focus has been internal tools and UI/UX.

UNHOLSTER

Senior Software
Developer

January 2015 - July 2016

As a senior software developer, I had the mission to promote best practices, refactor when needed, bring on board new members of the team and recruiting. I mainly worked with 3 clients in the private freight industry, public energy sector and ONG. I refined my team work, software engineering, planning and meeting deadlines.

DATA2WIN

Founder

October 2013 - December 2014

Small company which sold custom made international trade reports to small and medium businesses in Chile.

FREELANCE

Freelance

October 2011 - December 2014

Build and maintain websites such as e-commerce and social networks, intranets and report generation software. Among my clients are pizzapizza.cl, wnutrition.com and the intranet of logipak.cl.

BOXTORY

Co-Founder

April 2011 - October 2011

Co-founder. The company received a seed investment of u\$s20.000 given by IncubaUC of Universidad Católica de Chile. That experience got us to be over a month in San Francisco pitching our idea to investors and important people in the industry.

CURSOR

Internship

June 2009 - January 2010

For 7 months, I developed an android App and made internal courses for colleagues to learn the platform.

CAPISCE

Co-Founder

July 2008 - July 2009

Created the first mobile pizza restaurant in Chile. We completely repurposed a Volkswagen Kombi making it a fully operational kitchen on the go. We attended our customers in events, private parties and others.
